Skills, Achievements & Other Experience

- **Sistem Informasi Program Studi Manajemen Rekayasa IT Del** (2024): Developed as a full-stack project with UI, system flow, and backend logic for a platform serving 200+ students. Implemented core front-end features and data handling.
- **Warehouse Inventory Management App – Java Swing + MySQL** (2024): Built a full-stack desktop app with 4 CRUD modules, validation, search, and data persistence. Designed UI, implemented business logic, and structured a MySQL database (4+ tables).
- **Redesign Rumah Kreatif Toba** (2025): Led UI redesign based on heuristic evaluation, competitive analysis, and SUS testing (score improvement targeted from 59.97). Created high-fidelity prototypes and conducted usability testing with 10 respondents.
- **Sistem Informasi Kemahasiswaan IT Del** (2025): Front-end developer for a multi-page system used by 500+ users. Built with Inertia.js, designed UI in Figma, and automated 20+ test cases.
- **B-Call App** (2025): Designed and built the front-end for a mobile app that tracks real-time running calories and BMI goals. Developed interface flows, tracking screens, and contributed to app logic.

- **Implementasi Whisper dan DeBERTa v3-base untuk Evaluasi Otomatis Coherence pada IELTS Speaking** (2025): Developed the front-end for a system evaluating IELTS Speaking coherence using Whisper and DeBERTa v3-base. Worked in a 3-member team for 6 months, contributing to UI/UX design, dataset preparation, and project documentation.
- **Certificate** ✓: Experience-related certificates
- **Hard Skills**: HTML, CSS, JavaScript, PHP, Laravel, React.js, Next.js, Flutter, Dart, Swift, SwiftUI, MySQL, PostgreSQL, Figma, Balsamiq, Katalon, Cypress, Minitab, UML, BPMN, Enterprise Architect, PowerDesigner, Visual Paradigm, StarUML, Trello, Git, GitHub, C Language, OOP
